Special Lecture organized by Tohoku University International Post-Graduate Program in Human Security:

"World Disaster and Human Security"

- 世界の災害と人間の安全保障 -

Date: Monday, January 5, 2015 16:20-18:30

Place: No.4 Lecture Room Ecolab (1F), Graduate School of Environmental Studies,
Aobayama Campus, Tohoku University

Human Security is a new concept of security guarantees against any kinds of fears on human life and activities such as environmental destruction, human rights abuse, refugee and poverty, and dispute. Furthermore, the recent major disasters damage was not just a domestic problem, but also a problem for the world due to its impact on industrial supply chains.

Toward the World Conference on Disaster Reduction 2014, where locates at disaster area of the 2011 Great East Japan Earthquake, we will hold the special lectures about "World Disasters and Human Security".

··· Invited lecturers ···

人間の安全保障(ヒューマンセキュリティ)とは、安全保障の課題として環境破壊、人権侵害、難民、貧困などの人間の生存、生活、尊厳を脅かすあらゆる種類の脅威を包括的に捉え、これらに対する取り組みを強化しようとする従来とは異なる安全保障の概念です。さらに、グローバリゼーションが進む今日において、世界の災害は国内問題に留まらず、世界全体の問題となっています。

そこで、2014年3月に東日本大震災の中心地で開催される第3回国連防災会議に向けて、「人間の安全保障」の概念のうち「災害」に特に重きを置いた、「世界の災害とヒューマンセキュリティ」を議論する特別講演を開催致します。

年始のお忙しい時期ではございますが、是非ともご参加くださいますようご案内申し上げます。
